

# NAB Special Project List

Updated: February 2025

<b>Brazil</b>		<b>2025</b>
Leadership Training	Pastoral and ministry leadership training at the Baptist Convention of Rio Grande do Sul.	\$2,000
Resources	Needed resources for the Baptist Convention of Rio Grande do Sul.	Ongoing
Kairos Brazil Scholarships	Funds will be used to subsidize the costs of the Kairos Project for Brazilian students and pastors in partnership with the Rio Grande do Sul Baptist Theological Seminary. <i>\$35/month for 50 scholarships</i>	\$21,000
Chain of Love – Various Needs	Please visit <a href="http://www.larcolmeia.com.br">www.larcolmeia.com.br</a> or special projects related to Chain of Love’s ministry, providing loving, secure, caring homes for abandoned and abused street children in Brazil.	Ongoing

<b>Cameroon</b>		<b>2025</b>
Assist a National Missionary	Cameroonian national missionaries are going to the least-reached peoples of Cameroon. While Cameroon Christians support the basic salaries of these missionaries, most have no ministry funds. Contributions will provide these national missionaries with Bibles, literature, or even a motorcycle in order to reach the people to whom they were sent.	Ongoing
Chemotherapy	One course of chemotherapy is equal to half a year’s wage for the average Cameroon laborer. <i>Your gift will subsidize the cost and make this life-saving treatment available to patients in need.</i>	Ongoing
HEARTS for the Deaf	At the Inclusive School and Sign Language Centre (ISSLC) Mbingo, hearing-impaired children have the opportunity to be educated and integrated into society. Contributions help offset living and tuition expenses of the students at the school. A donation of \$250 per child goes a long way. NOTE: Identity of children not disclosed.	\$5,000
HIV/AIDS Chosen Children	Funds provide education and health support for children orphaned by HIV/AIDS and other disasters and diseases. The children are placed with caregivers in their communities rather than in an orphanage. <i>Suggested minimum \$250 annually per child.</i> NOTE: Identity of children not disclosed.	\$10,000
Least Reached People Group	Evangelism, education, and community development are the three priority projects of the least reached people group we serve in Cameroon and Nigeria. Our three priorities are interconnected, with no single project progressing without the other two also moving ahead. For Christians in their faith communities, bringing the Good News of Jesus to others is the ultimate goal. Education and community development (including humanitarian aid) are entered into strategically so that the Gospel will be seen, experienced, and promoted. All together, these projects are leading to lives being transformed by Jesus Christ to the glory of God.	Ongoing
Mbingo Cancer Radiation Therapy	Access to radiation therapy is extremely limited in sub-Saharan Africa, and the majority of patients presenting with tumors can benefit from treatment with radiation. As part of the plan to develop a comprehensive cancer center, Mbingo Baptist Hospital is working to install a radiation therapy unit	\$600,000

Cameroon		2025
	consisting of a large bunker containing two linear accelerators. The design of the bunker has been officially approved by the national radiation safety board of Cameroon, and a used linear accelerator has already been donated. In addition to the NAB, the CBC Health Services and the Dana Farber Cancer Institute at Harvard will be supporting the funding of the bunker.	
Mbingo Laboratory Equipment	Mbingo Baptist Hospital Pathology laboratory was born in 2010. At that time, the electrical supply was very erratic and was the cause of ruin to many laboratory machines of the years. Therefore, a manual method of doing tissue processing for histopathology was established. This has served us for over 13 years. However, now that we are on a reliable, hydroelectric power supply, it is time to improve the laboratory via purchase of an automated tissue processor. This will provide a means of significantly upgrading the quality of our slides.	\$40,000
Ekoumdoum Maternity Project	An average of 107 babies are born each month at Ekoumdoum Baptist Hospital, and 365 women are seen in crowded spaces for antenatal clinics. Additional space will ensure the safety, comfort, and privacy of the moms and babies. Construction of a new maternity unit is underway, but additional funds are needed to complete the project. Funds given to this project will cover the costs needed for a meeting hall for antenatal classes, consultation rooms, delivery rooms and basic furnishings. This will not only increase the capacity but it will also provide a safer environment for mothers and babies.	\$25,000
Saker Baptist College Water Project	Since it was started in 1962 by NAB missionaries, Saker Baptist College has been providing an environment that encourage young women to learn, grow, and lead. With an enrollment of 1,131 Students, the school is facing a challenge to provide water to them all. Due to an old and inadequate system, the girls stand in line for hours waiting to fill their buckets and get washed up before school. Due to the low tuition and boarding fees the school charges, Saker is unable to independently fund big capital projects. An input of \$14,000 will provide an adequate source of water for the students and staff at the school, as well as provide clean water for the approximately 200 people in the surrounding community.	\$14,000
Pathologist Training – Mbingo	This fund will assist in the training of an African pathologist. Having a pathologist on the Mbingo campus gives the hospital the ability to perform lab work on site, providing quality and timely test results for patient care.	\$30,000

North America		2025
Bibles for Outreach and Discipleship	For many people in inner-city Philadelphia, a Bible is a luxury. <i>Your gift of \$30 or more will provide God's Word to seekers and new believers who are coming off the streets.</i>	Ongoing

<b>Philippines</b>		<b>2025</b>
<b>The Bicol Center for Christian Leadership (BCCL)</b> trains pastors, evangelists, and church leaders. It is led entirely by Philippine nationals who are assisted by volunteer, short-term lecturers from North America. The BCCL is funded through special projects. Gifts to General Support go toward items such as travel, providing teachers, training materials, event costs, resources, evangelistic outreach, and ministry development.		
General Support	Annual Field Operating Budget	\$50,000

<b>Romania</b>		<b>2025</b>
<b>Camp Falcon Rock</b> – Owned and operated by the Hungarian Baptist Convention of Romania and partnered with the NAB, Camp Falcon Rock is a center for evangelism, discipleship, leadership development, and social and education programs that is actively raising up the next generation of kingdom leaders in Romania. Your contribution will help complete the first phase of the two-phase capital campaign to develop the facility, as well as provide support for the ongoing operation of the camp.		Ongoing
<b>Missionary Housing</b> – The NAB had the opportunity to acquire a property on behalf of Camp Falcon Rock to be utilized as NAB missionary housing. This is an exciting joint venture between the NAB and Camp Falcon Rock. One home is already on the property and is being remodeled. A second dwelling is also needed on the property for additional missionary housing. Funds from this project will cover the cost of both the remodel of the first structure and the building of a second.		\$55,000
<b>Camp Falcon Rock Expand</b> – After nearly a decade of development and ministry, the camp is looking to expand its capacity in hosting young people. Funds for this project will go toward continuing with interior work on the main lodge to make a winterized space to host up to 300 young people at a time for camps.		\$500,000

<b>Russia</b>		<b>2025</b>
<b>The entire Russia Leadership Development ministry</b> is funded through special projects. Gifts to General Support go toward items such as in-country travel, translators, training materials, event costs, Bible school subsidies, and evangelistic outreaches.		
General Support	Budget support goes toward costs of NAB pastors/leaders who volunteer as professors at the seminary and to directly support the costs of the seminary.	\$80,000
